

ORDERING INFORMATION**XXX.XXXX.XXX**

1 2 3 4 5 6 7 8 9 10

1st Digit.....Version of Adjustment

1 = vertical adjustment

2 = horizontal adjustment

2nd and 3rd Digit.....Nominal Diameter

07 = 7,5mm

09 = 9,5mm

4th Digit.....Number of Stator Plates**5th Digit.....Identification for dielectric material**

1 = Polyimid (PI)

6 = Polycarbonat (PC)

8 = Polypropylen (PP)

9 = Polytetrafluorethylen (PTFE)

6th Digit.....Identification of Pin Spacing

0 = Standard

3 = Special Pin Spacing: 106=3 Pins, 107/117=5,08mm, 109/119=5,08 x 7,62mm

6 = all silver plated

7 = Special Pin Spacing: 109.....10mm

9 = custom specific design according drawing

7th Digit.....Adjustment

1 = top and Bottom Adjustment (Series 105 and 116 only from top)

3 = from top with hexagonal head for automatic adjustment

8 to 10th Digit.....Capacitance value in pF

004 = 4pF

010 = 10pF

150 = 150pF
