Conflict Minerals Policy Statement

L-TEK elektronika is a company with a strong commitment to social responsibility. In light of that we declare that we comply with the Wall Street Reform and Consumer Protection Act, also known as the Dodd-Frank Act approved by the United States Securities and Exchange Commission (SEC) on August 2012 in usage of materials mined in the DRC Region.

We state that we do not use materials that are known as »Conflict Minerals« which are mined either in the Democratic Republic of Congo (»DRC«) or one of nine African nations that share the border with the DRC (»the DRC region«).

Conflict Materials are essentially:

- Tin,
- Tungsten,
- Tantalum,
- Gold.

L-TEK elektronika does not knowingly use materials derived from the Conflict Region, so we also expect the same policy from all of our suppliers.
